

THE VOLUNTEER EXPERIENCE

“I just wanted to say how great Ricky was yesterday, he was so comfortable and natural. The man he visited greatly enjoyed his company, and his wife was grateful. Thanks for sharing!!”

Health Center Activities Coordinator

“We thoroughly enjoyed our time and hope you did too! I would love to remain in contact with you for future events!” Many Smiles,

“Friendship Village is a really nice environment, and it’s satisfying to spend time with people from another generation.”

Independent Living Volunteer Companion

“I loved serving at the Resident Birthday Party because it was a way to help a group of people all at the same time and celebrate with them. I couldn’t believe their ages because they’re so active and vibrant there!”

Activities Volunteer

“I love volunteering at Friendship Village because I became part of a caring community when I came here. I am able to visit with the residents and learn from them every day. FVK allows me the opportunity to engage with people I would otherwise not be able to do so with.”

Woodside Companion

“I love volunteering at Friendship Village because it puts everything into perspective for me. No matter how busy or stressful my life is, I realize how insignificant that is in the grand scheme of things.”

Life Enrichment Intern

“What a great bunch of volunteers you have sent me. I really enjoy working with them! Kody was a super young man. The residents loved him. I can hardly wait for next weekend to see what you send me (WMU Airforce ROTC group). We will have a really fun day.”
